

Stop Now and Go Buy This Book!

I seldom seem to have the time anymore to just sit down and enjoy a magic book – at least that is what I tell myself. As my oldest son is fond of saying, *people make time to do the things that are important to them*. He's dead ass right.

Anyway, I spent a couple of hours today with Jim Steinmeyer's ***The Conjuring Anthology***. This is a compilation of the series that ran in *Magic Magazine* from 1992 to 2004. There are 85 effects in 75 chapters. It's a big book of over 500 pages.

Jim Steinmeyer is considered a genius by many that know him. I don't personally know him, but his writings reflect a great intellect.

I pulled out the April 2006 *Magic* interview with the author and particularly looked up the items he pointed out as his and his readers' favorites. What a treat. The Piano Trick with apples and oranges is worth the price – and I SELDOM say that.

This is good stuff!

Take care.....
