Drivel & Drool

Saving the old stuff

Actually, I' m quite proud of some of my earlier posts on my old blog.

I worked long and hard on many of them $\hat{a} \in \text{``OK'}$, everything wasn $\hat{a} \in \text{``M'}$ t a gem, but some were $\hat{a} \in \text{``if I must say so myself.}$

I'll be gradually bringing them across and classifying them as such.

I hope you enjoy them â€" either for the first time or seeing them again.

Take care…..
