

Official Position For Earth Day 2021

I know many of you have been waiting for I/m's thoughts on earth day. Well, the wait is over and we are pleased as punch to be the first to release it.

#Breaking - upon seeing grown men in booty shorts twerking in paper confetti on a Monday morning in the middle of our nation's capital, I have decided that I'm fine with climate change killing our planet.

It's been a good run.
